

Ethiopian የኢትዮጵያ 
Aviation Academy
PIONEER OF AVIATION EXCELLENCE

Pilot Training School

The School has the customary Commercial Pilot License training program that trains cadets for 18 months. The Academy has also launched the airline-specific professional pilot license, Multi-crew Pilot License (MPL) training and licensing program that is adopted by the International Civil Aviation Organization (ICAO). The MPL training is competency-based and prepares cadets to fly a multi-crew, multi-engine, and technologically advanced aircraft, which enables airlines to get qualified first officers at faster rates.

- Commercial Pilot License (CPL)
- Instrument Rating Course (IR)
- Multi Crew Pilot License (MPL)
- Private Pilot License (PPL)
- Multi Engine Rating Course (ME)
- Flight Instructor Rating Course
